

Debra Albert, DNP, MBA, RN, NEA-BC, joined NYU Langone Health's as chief nursing officer and senior vice president for patient care services in April 2020, overseeing nursing for the entire healthcare system. She Leads and manages the nursing and patient care services organizations across the system in the planning, implementation, and evaluation of quality, safe and efficient nursing and patient care with measurable outcomes. She has decades of leadership experience, always with a keen focus on patient outcomes, staff education and development, and strategic financial oversight.

Dr. Albert earned a doctorate of nursing practice in transformational/systems leadership from Rush University, a bachelor of science in nursing and master of science in nursing at the University of Akron, in Ohio. She holds an MBA from Cleveland State University, and participated in the Wharton Fellows Program in Management for Nurse Executives. She is a board certified nurse executive.

She speaks widely on topics such as the attributes of teams that increase value and improve outcomes, and leveraging nurse leader rounding to create a better patient experience. She participates in a number of professional organizations, including serving as chair of the Vizient Chief Nursing Officer Network Steering Council.
